Experience

Wolfiz Solution PVT LTD Full Stack Developer	Islamabad August 2023 – Present
---	------------------------------------

- Built and maintained production-grade MERN and Next.js applications.
- Designed and optimized Node.js REST APIs with efficient data handling and low latency.
- Developed AI automation and RAG-based chatbots using Python (FastAPI, Flask).
- Integrated LLM pipelines, vector search, and retrieval workflows for AI systems.
- Implemented SEO-optimized Next.js apps with strong Core Web Vitals.
- Built high-performance, animated UIs using GSAP and Framer Motion.

Projects

PSEB Portal (Pakistan Software Export Board)

- Worked on the PSEB government portal — enabling registration, profile management, authentication, and backend workflows for freelancers and IT businesses.
- Built secure, scalable UI and API layers to integrate with national IT export systems.

Wolfiz Portfolio

- Built a modern portfolio website using Next.js with TypeScript in a Linux development environment.
- Implemented smooth UI and page transitions using Framer Motion and GSAP.
- Integrated Three.js to deliver interactive 3D visual elements.
- Optimized for performance, responsiveness, and SEO using Next.js best practices.
